If the link is not work, please leave the comment as message. We will replace it as soon as possible. Thank you! A: Deep Fritz has been released and I've just tested it. The game is easy for beginner and beginner-intermediate, while it is quite difficult for more advanced players. The program is slow (slow to find moves, slow to evaluate, but it is still much faster than what can be done by computer, and it is the only program capable of solving grandmaster's games). The program can be downloaded and installed here. However, the installer is buggy (I haven't installed it yet), and I couldn't install the program without giving the permission for installing to Deep Fritz 13 Portable. I will try to explain how to do that in the steps below. Windows 8.1 - Windows 10 Download Deep Fritz 13 Portable After you download the Portable version, you should unzip it to a location where you can find it later. I installed it to C:\Program Files\DeepFritz13Portable. You can also use another location, but you have to remember it. Then, run the installation. The installer should show the following screen, and you have to do the following steps to complete the installation. Type Deep Fritz in the search box. Click Install. Wait until the installation process is completed. Type Deep Fritz in the search box, and click on Deep Fritz 13. Type fritz for activation. Click on yes. Type fritzPortable for activation. Click on yes. Done. Activation If you start Deep Fritz 13 Portable and it doesn't ask you to activate Deep Fritz 13, you have to do the following: Click on Options. Click on Portable. Click on Deep Fritz 13. Type fritz in the search box. Type fritzPortable in the search box. Click on yes. You can also type this code to activate Deep Fritz 13. Deep Fritz 13 - Windows XP I haven't tried this, but I think that you have to do the following steps: Download Deep Fritz 13. Unzip it to a location where you can find it later. Wait until the installation process is completed. Type Deep Fritz in the search box. Click on Deep Fritz 2d92ce491b
