## Calendar Reminder Activation

### What's New In Calendar Reminder?

Evan's Calendar Reminder is a useful app designed to help you keep track of your important dates and events. With the program, you can pin down various reminders and appointments you need to carry out in order to be more organized. All reminders are displayed on the calendar interface as a starred note, making it easy to see everything you need to do. Aside from that, it comes with an additional feature that lets you easily create a countdown timer. It can be programmed down to the hours, minutes and seconds. It can also be configured to play a sound when the timer expires, which is extremely useful. All types of reminders appear on the calendar interface as a starred note on the days they are supposed to ring. With Evan's Calendar Reminder you can easily manage your days and help you get organized. The tool is easily accessible and can be used by anyone who is just getting started. Also, it can be installed on your computer by going to the download link provided below and performing the necessary steps. Key features:

- Easily create reminders that will not be missed
- Set up specific alarm
- Create a countdown timer
- Play sounds at the end of the countdown
- See reminder information in the calendar
- Set up a schedule
- Configure special alarms
- Manage reminders you have
- The program runs at startup and immediately tells you if there are reminders for the current day
- Set up a reminder to remind you when to meet a contact
- The program features a powerful, intuitive user interface that is easy to handle
- The calendar is color-coded
- The tool is highly configurable

Compatibility: This program is compatible with all Windows operating systems and Mac OSX. Rating: JJ> 07 Nov 2014 13:26:30 +0000

Please note that the description of this app is very similar to Evan's reminder, in spite of the differences in the name. However, please read the description and see if this is still what you need or you can use both of them.
