[EMAIL=namhong.c@indiblog.com] All Rights Reserved My Book Geeko is a book lover's journal site to share experiences and thoughts on what we are reading, buying, ignoring or just enjoying! We only read or review books we already own or are available on the library. We don't own or have access to any types of books that aren't reviewed. Our goal is to keep it that way. Borrowing books, most of the time is our pleasure. It's really hard to get me to buy a book unless it is a New Release, unless it is a very interesting book or a book that I just have to read. (Although I have to buy my favorite series once and a while). At the same time, I love to read other people's reviews, so that I can figure out which books I should really spend my money on, or which books I should borrow from the library. We also share what we are reading and review other books with you! We don't keep favorites in realtime but you can follow us via our feed. Our reviews will have spoilers. What this means is that you have to skip the review if you don't want to know things about the story. There is also the option to follow us so that you can get notified when we have a new review or a new blog post. If you want to follow us on Twitter, we post links to our blog posts, and sometimes to other book reviews and book posts. We also post
