The Last Naruto Movie Eng Sub Download

back in konoha, the raikages are all seen celebrating their victory. they then tell naruto and his parents that they are proud of them. kakashi then begins to build a giant statue of shikamaru and talks about his great strength. the raikage team then leave, and shikamaru is placed on top of it. meanwhile, on the way home, the couple continue to act as if nothing has happened. naruto goes to visit hinata and tells her that hes sorry for not telling her that he loves her. he then informs her of his parents and shows her his mask and tells her that he always wanted to be on her side. meiji era, the ancestor of the current time. kishimoto naruto is drawn as being still part of the village, which has only one school. a student who is called anakaris asks to become a ninja and is only accepted after being tested by the ninja team. they then take a test, to which kishimoto naruto wins. at this time naruto's real name is written in a register and a seal is added to his forehead. after passing through the test and the training, the first mission is to save their village from the akatsuki. so begins the naruto anime. but this is the beginning of a phenomenon, the anime will not be able to stop. what started out as a good story (and one that many fans would prefer to have in english) with many characters and many interesting plot twists, it became something of a cultural phenomenon. we are, of course, talking about the naruto anime. it was a story that had to be written, and that is why it's so hard to translate, as it is hard to understand what the majority of the action refers to, while the naruto manga can be read without having to guess what things mean. the anime is more like a soap opera, and it's difficult to convey to those who haven't seen it. that's also why it's so difficult to translate the anime, because it's not like a video game or a book. it's too difficult to convey the atmosphere, the characters and the jokes. on the other hand, what we do know is that the anime is a success, with a large audience and a faithful following. that is why we're going to try to translate it. we do not have the original tv series (but we'll explain how we got it), nor do we have the manga (but we'll show you how to read it), so be prepared to spend a lot of time with it. there are two ways to download the anime: 5ec8ef588b
